

DIGITAL PRINT FINISHING SOLUTIONS

You print... ..We **cut!**

XXL 500

AUTOMATIC X/Y SUPER WIDE CUTTER

- It follows the prints with our patented systems
- Made for non-stop industrial production
- 1mm accuracy on both X/Y directions

THE XXL 500 IS A SUPER WIDE X/Y AUTOMATIC CUTTER

With the **FOTOPA CUT MARKS** generated by the RIP the cutting and trimming is done with **TRUE IMAGE EDGE TRACKING** (EU patent: EP 0 951 973 B1 - US patent: US 6,820,526 B1)

The XXL500 can cut most flexible materials up to 1mm

Fully automatic

The side sensor automatically follows any roll misalignment

The pneumatic system makes roll loading easier

CHARACTERISTICS

Model	Max Width cm/in	Min Width cm/in	Net Weight (kg)	Shipping Weight (kg)	Dimension (cm)	Shipping Dimension(cm)
XXL 500	530/210	130/51	1100	1600	640x102x135h	650x120x155h
